Sir,

Grant of privilege of having a non-official President to the Yellahanka Minor Municipality

I have the honour to state that the Minor Municipal Council of Yellahanka have resolved at their meeting held on the 16th November 1944 that they may be granted the privilege of electing their non-official President. A copy of the resolution is herein enclosed for favour of reference. The Sub Division Officer, Bangalore whose opinion was called for in the matter, states that the present Municipal Council does not consist of mature heads and that they have no sufficient resources and influence. It is also reported that there is not much unity in the Municipal Council and the Municipality cannot afford to maintain a Chief Officer in case a non-official President is appointed. He recommends that more power may be delegated to the Vice-President and the Sub Committees and the above move deferred for the present.

Though it is not always necessary to have a Chief Officer in minor municipalities, since the Sub Division Officer reports that there is not much unity in the present Council, I agree with him in thinking that the proposal of giving a non-official President to Yellahanka Municipality may be deferred for the present in the circumstances reported.

I request that orders of Government may be kindly obtained in the matter.

I have the honour to be,
Sir,
your most obedient servant,

Deputy Commissioner,
Bangalore District

Submitted — Yelahanka is a minor municipality with a population of nearly 5000 at present. From my experience of the place, I am of opinion that the seats in the Municipal Council are not contested and [illegible] by experienced and mature heads among the inhabitants who have sufficient resources and influence to attend to the items of public utility. There is not much unity in the Council now and the trend of administration may perhaps be watched for some time by delegating more powers to the Vice President and the Sub Committees in the first instance who might function under the guidance of the Amildar, before once for all giving the entire administration of this small grassy town to the non-officials without official support or guidance.

Besides, if a non-official President is sanctioned, this Municipality cannot in its slender resources, afford to maintain a Chief ex-a Special Officer to look after the executive functions and the only executive official of this Municipality who can Assistant Sanitary Inspector cannot be expected to discharge executive functions without fear or favour which would be essential to strengthen the hands of a non-official President. Hence the proposal appears to be rather premature.
